Pillar 3

Investment and Risk Management Framework

Principle 18 Description:

18. The SWF's investment policy should be clear and consistent with its defined objectives, risk tolerance, and investment strategy, as set by the owner or the governing body(ies), and be based on sound portfolio management principles.

18.1. The investment policy should guide the SWF's financial risk exposures and the possible use of leverage.

18.2. The investment policy should address the extent to which internal and/or external investment managers are used, the range of their activities and authority, and the process by which they are selected and their performance monitored.

18.3. A description of the investment policy of the SWF should be publicly disclosed.

Principle 18 Implementation:

AGDF Investment Policy statement, including objectives and investment strategy, is published on our website.

The AGDF aims to support Rwanda's economic security and development and build wealth for future generations of Rwandans.

AGDF is a professional and prudent institutional investor with a long-term investment horizon. This enables it to seek out sustainable real returns and ride out short-term economic and financial market fluctuations. AGDF aims to achieve above-average real

returns while maintaining risk within acceptable limits, so as to preserve capital.

AGDF's long-term objectives and expected economic and market conditions determine the choice of asset classes and their weights in the Fund. The Board reviews the Fund's asset allocation periodically for consistency with the objectives and evolving opportunities and risks.

Information about the AGDF asset allocation is available on our website.

The criteria and procedures for recruitment of internal investment managers are clearly set out HR Policy. The Chief Investment Officer is the lead manager. As to the hiring of External Fund Manager ("EFM"), we have not yet hired one, but Guidelines thereon have been established to address the process by which they are selected and how their performance is monitored.

Principle 19 Description:

19. The SWF's investment decisions should aim to maximize risk-adjusted financial returns in a manner consistent with its investment policy, and based on economic and financial grounds.

Principle 21 Description:

21. SWFs view shareholder ownership rights as a fundamental element of their equity investments' value. If an SWF chooses to exercise its ownership rights, it should do so in a manner that is consistent with its investment policy and protects the financial value of its investments. The SWF should publicly disclose its general approach to voting securities of listed entities, including the key factors guiding its exercise of ownership rights.

Principle 21 Implementation:

AGDF adheres to the basic principles of acting in good faith and enhancing shareholder value in the long-term when exercising voting rights.

The Board is required to follow and abide by the Fund's mandate and observe the international best practices in investment.

Principle 22 Description:

22. The SWF should have a framework that identifies, assesses, and manages the risks of its operations.

22.1. The risk management framework should include reliable information and timely reporting systems, which should enable the adequate monitoring and management of relevant risks within acceptable parameters and levels, control and incentive mechanisms, codes of conduct, business continuity planning, and an independent audit function.

22.2. The general approach to the SWF's risk management framework should be publicly disclosed.

Principle 22 Implementation:

The internal risk analysis framework stipulates clearly how the Fund manages risks. It sets out comprehensively diverse manners to identify, assess, and manage the risks of AGDF investment.

The Chief Investment Officer assists the Investment Committee in managing AGDF investments strictly within the Fund's investment guidelines, risk parameters and return targets. He researches and recommends the Committee and the Board on the opportunity, viability, risks and mitigation.

Principle 23 Description:

23. The assets and investment performance (absolute and relative to benchmarks, if any) of the SWF should be measured and reported to the owner according to clearly defined principles or standards.

Principle 23 Implementation:

The investments' returns are regularly reported to the owners.

The preparation and reporting of AGDF assets are done in accordance with the

requirements of Organic Law N°12/2013/OL of 12/09/2013 on State finances and property and submitted periodically (quarterly) to the Ministry of Finance. The audited financial statements are published in widely read newspapers and AGDF website for the purposes of information disclosure to the owners and stakeholders the financial position of the Fund.
